

About Us

Ebusiness for beginners is a St Petersburg, FL based internet marketing firm focusing on enriching electronic business novices with resources certain to help each investor maximize ROI.

Founded in 2004, ebusiness for beginners is a result of more than 20 years marketing research and development and the brain child of Daniel St.Pierre, an established online marketing expert currently involved with clients in the United-States, Canada, Europe and Australia.

Native of Montreal, Canada, Daniel truly defines the essence of ebusiness for beginners and fulfillment of his American dream. More than a marketing expert, Daniel St.Pierre is the father of three wonderful daughters and husband to a devoted wife Elizabeth. Daniel is also a Christian ministry leader (see www.thrivethroughchrist.com).

By age 31, Daniel successfully prospered as president of the largest Canadian internet direct electronic mail organization reaching as many as 5 million customers per day achieving ratios that remain unmatched to this day.

Daniel St.Pierre created, marketed and currently heads ebusiness for beginners, a company host to more than 1,150 members, and our "web exposure" now tallies upwards of 1.2 Million web pages distributed over PR4-PR8 Google ranked domain names. Our combined web properties are host to more than 3 Million unique visitors each month. (January 15, 2011)

Internet success has allowed Daniel to become an award winning stock and wedding photojournalist serving discerning clients in the United-States, Canada and Europe (see www.danielsaintpierre.com and www.christianphotographer.com).

Daniel is sole or part owner of numerous online properties including but not limited to:
